Address: Street City, State Zip code

Phone: Phone Number

Incident Summary:

The Department's State On-Scene Coordinator Hall met with Jesse Smith, contractor for Running Foxes on site on June 4, 2020. Mr. Smith reported the release was from a buried PVC distribution line which was crushed by vehicular traffic due to rain saturated soil.

On June 5, 2020, Mr. Smith over-excavated the impacted soil and repaired the PVC line. The soil was placed on plastic and covered in plastic. Approximately 10 cubic yards of soil and gravel was over-excavated.

On August 4, 2020, Mr. Smith transported the oil contaminated gravel and placed it on leased roads along a property owned by Steven A. Tedesco, Bourbon County, Kansas. The placement of the material is an approved method of per Kansas State Regulations under K.A.R. 82-3-607(C) DISPOSAL OF DIKE AND PIT CONTENTS, whereas: "Removal of the contents to an off-site disposal area on acreage owned by the same landowner or another producing lease or unit operated by the same operator, if prior written permission from the landowner from the landowner has been obtained." (landowner permission letter attached and photos attached)

STEVEN A. TEDESCO

1 July 2020

TO WHOM IT MAY CONCERN,

This is to affirm that I have given permission to RUNNING FOXES PETROLEUM to spread oil contaminated soil on lease roads on my property.

That property is:

SW NW, SE NW, SW NE

Section 36, T24S R23E

Bourbon County, Kansas

A handwritten signature in black ink, appearing to read 'S.A. Tedesco', with a stylized flourish at the end.

Thank you,

Steven A. Tedesco
